About Pre-O from wagon of narrow-gauge train

A narrow-gauge train towed by a steam locomotive manufactured in 1916 and traveling at about 8-10 km / h
The participant sits in the wagon and works with the Map.

When a participant sees a control flag in nature, the participant identifies it.

Each task has one control flag. So, the answer can only be one of two - "A" or "Z".

About Photo-Orienting

The participant goes to TempO stations along a route as shown in the route map. There are several photos on the other side of the route map. Each photo has 1 or more questions.

Answers to questions can be found on the route that is specified on the map.
